

Assets

An **asset** is a **physical object** (*that lacks smart connectivity*) you, as a user, wish to keep track of in the **SIM-ON** project space. For example assets, see the screenshot below.

In the **Assets view** you can see all the assets in the selected rooms or all Assets in the project if **All Rooms** option is selected.

The screenshot shows the 'Assets' view in the SIM-ON application. The interface includes a top navigation bar with 'Dashboard', 'Devices', 'Assets', 'Scenes', and 'Tickets'. The 'Assets' tab is active. On the left, a sidebar lists room categories: 'All rooms (75)', 'DINING ROOM (3)', 'CONFERENCE ROOM (6)', 'KITCHEN (5)', 'VESTIBULE (0)', 'CORRIDOR LEFT (0)', 'HR ROOM (4)', 'BOX 1 (12)', 'KARO ROOM (4)', 'MARK ROOM (1)', and 'BOX 2 (6)'. The main content area is titled 'All rooms' and contains a search bar, a '+ Add Asset' button, and a table of assets. The table has columns for Name, Category, Last edited, Created, Room, and Location. The assets listed are:

Name	Category	Last edited	Created	Room	Location
Amazon Echo (1st Ge...	Multimedia	-	11.06.2024 Simlab	<input type="radio"/> CORRIDOR RIGHT	
aquarium AQUAREL	Plants	15.07.2025 Michal	11.06.2024 Simlab	<input type="radio"/> CORRIDOR RIGHT

- **Rooms:**

- **Room isolation** - Left hand side column is dedicated to filtering the assets by rooms. Here you can limit the assets to a certain room or display all of them.
- **Asset Display** - The main, central body of the view, where the assets are displayed, sorted and filtered as seen on the screenshot above.

A vertical sidebar filter menu with a white background and a grey border. It contains five categories, each with a small icon and a checkbox: 'Decoration' (house icon), 'Plants' (leaf icon), 'Documents' (document icon), 'Electrical' (lightning bolt icon), and 'Hobby' (gears icon). At the bottom of the sidebar are two buttons: a white 'Clear' button and a blue 'Apply' button.

- **Filters**

- **Category** - Lets you filter the displayed devices by category of the asset:
- **Last Edited**
- **Creator** - By asset author
- **Room** - (when All rooms is selected)

- **Sorters**

- Sort the assets by: name, category, edit, creation, room.

Selecting an asset tile will reveal it's details. Press "**Edit asset**" to manage the asset information and files uploaded to it.

Example Asset 1
Category: Furniture

Room:
Test room 1

Description
Family cupboard.

IBM Maximo

If you have a connected Maximo provider to your space, you gain an additional feature within Assets to link them with Maximo assets:

Grundfos Glandless circulation pump MAGNA3 nr3
Category: Equipment

Room:
Main Control Area

Description
Grundfos Glandless circulation pump MAGNA3
The MAGNA3 circulator is simple and fast to install and has no maintenance requirements. Inputs and outputs ensure better system monitoring and optimal pump regulation. MAGNA3 is an all-purpose circulator, ideal for applications such as heating, cooling and domestic hot water
